Subject: Request for Verification Certificate – Kriti 2024 Electronics Project

I'm writing to request the verification certificate for my Kriti 2024 project under the Electronics problem statement. It seems the certificate wasn't issued to me, and I require it urgently for my CV verification ahead of the internship season.
If any additional verification is needed, I'm happy to provide confirmation from my hostel or my fellow teammates.

I'd really appreciate your help in resolving this at the earliest.

Thank you,
SHRUT JAIN
